

DNA = DNA Kingston Training / Dental Nursing Australia

General Policies and Procedures

This policy applies to all intending, commencing and continuing Students. As soon as a Student accepts a place offered by DNA and pays the associated fees, a binding contract is created between the Student and DNA. Students are to be advised of our complaints and appeals process, fees, other costs, course of enrolment, offer letter, information available in handbook and college web site and Orientation Day.

Students have a responsibility and commitment to ensure fees are paid in full, within payment time frames indicated by the college.

Enrolment is not complete until statutory based fees and charges are paid, deferred payment arrangements have been made or fees and charges have been waived. Details of all student enrolments must be retained for audit purposes.

Student late payments or failure to pay, may incur penalties.

Students will be given a minimum of eight weeks from the commencement of the unit to finalise payment when paying by instalments.

CEO will use their discretion in the application of this instruction by formulating the payment by instalments to more appropriately match the particular training program. Details of the student's enrolment and details of why a deferred payment was granted will be retained for audit purposes.

Where approval has been given for a student to pay by instalments, DNA is responsible for the collection of outstanding fees and charges.

Fair and adequate recovery procedures will be in place to manage the collection and recovery of monies.

Students who have fallen behind in their payments will not be eligible to be enrolled in additional units unless appropriate arrangements, agreed to by both the student and DNA, have been put in place to pay the amount outstanding.

DNA Management and staff endeavour to provide timely and accurate information on the course related fee requirements to enrolling and enrolled students of DNA. Under regulatory requirements, DNA will endeavour to follow fees in advance policies. Payment plans can be arranged.

We will endeavour to maintain an account to sustain refunds for training not currently delivered. For multiple courses students are enrolled, fees are only taken for the initial study period. Fees are not taken in advance.

- local face to face class;
- remote live electronic conferencing.
- self-paced – scheduled and unscheduled; external studies.

Students who have difficulties with payments can discuss payments with the College Manager. Special arrangements may be engaged to assist students, though administration and late fees will apply at the discretion of the College Manager.

Eligible students are entitled to a 50% concession rate on fees for training up to Certificate IV level.

Note: Concession rates do not apply to all courses. Refer to the Future Skills WA website for further information.

Meeting the concession eligibility requirements entitles the individual to a fee concession but is not sufficient grounds for the granting of a fee waiver.

Fee Waiver

CEO may waive all fees and charges for students that they assess as being in severe financial hardship for courses below diploma level and concession-eligible Diploma and Advanced Diploma courses with the exception of CHC50113 Diploma of Early Childhood Education and Care. Whether a student is in severe financial hardship is to be determined on a case by case basis by the CEO.

Existing worker trainees are not eligible for a fee waiver with the exception of enrolments in concession-eligible Diploma or Advanced Diploma courses.

DNA have in place formal processes for the waiving of fees and charges. Details of a student's enrolment, records where a fee waiver has been granted and documented reasons for the decision will be retained for audit purposes.

Please note : Meeting the concession eligibility requirements entitles the individual to a fee concession, but is not sufficient grounds for the granting of a fee waiver. Requirements for fee waiver assessments are included at Attachment B.

Fee waiver is available to students that are able to substantiate claims of severe financial hardship through valid evidence.

Severe financial hardship

A person is considered to be in severe financial hardship only where they are unable to provide food, accommodation, clothing, medical treatment, or other basic necessities for themselves and/or their dependents.

Forms of entertainment or recreation are not basic necessities.

Financial hardship assessment

The assessment of whether an applicant qualifies for a fee waiver is to be made on the basis of their individual circumstances and those of any dependent family members.

Subject to the exceptional circumstances outlined below, a fee waiver cannot be given unless **ALL** of the following criteria are met.

Where these criteria are not met, instalment plans are appropriate and extended payment periods may also be considered.

Supporting Documentary evidence

The student must provide relevant supporting documentation to evidence their claim, including detailed evidence as to their financial circumstances. The nature of the evidence provided will depend on the individual circumstances of the student. Example evidence for assessing income includes pay slips and bank statements. Example evidence for assessing outgoings includes tenancy agreements and utility bills.

Criteria for Severe Financial Hardship

1. The student's income must not exceed the Department of Human Services income thresholds for the low-income health care card, as outlined below.

Status Weekly Income Total income in the 8 Week Period Prior to Applying

Single, no children	\$546.00	\$4,368.00
Couple combined, no children	\$943.00	\$7,544.00
Single, one dependent child	\$943.00	\$7,544.00
For each additional child add	\$34	\$272.00

2. The student does not have the disposable income to pay the fees via instalments without compromising their ability to meet their basic living needs or those of their dependents.

3. There is no basis for concluding that the student's financial circumstances are likely to change within a reasonable period (e.g. 12 months).

Where these criteria are not met, instalment plans are appropriate and extended payment periods will be considered.

Exceptional circumstances

Short term hardship or temporary financial difficulty that arises from a sudden change in circumstances does not generally qualify a person for fee waiver consideration. Only in exceptional circumstances can a fee waiver be considered. An exceptional circumstance is when one of the following events occur, which compromises the student's ability to meet their essential living needs or those of their dependents.

- The student or family member has a sudden or unexpected health issue or disability.
- Death of a significant wage earner in the family.
- Relationship breakdown or domestic violence.
- Natural disaster.

In other circumstances a payment plan should be considered.

Partial fee waiver

A partial waiver of all fees for enrolled units within an enrolment period is not permitted.

Time limit

Fee waivers can only be granted for units commenced within the calendar year.

Approval and reporting

Approvals should be made by the appropriate accountable authority within each organisation and supporting documentary evidence must be retained by the provider for audit purposes.

All fee waivers granted will be reported to the Department of Training and Workforce Development.

Definition of severe financial hardship:

- Student is receiving an eligible Commonwealth income support payment.
- Student is unable to meet reasonable and immediate family living expenses. This means that their income is not enough to cover the basic necessities of everyday living.
- Student can declare that at the time of making the request they are not in paid employment (working for 10 or more hours each week).

The CEO is responsible for approving any claim for severe financial hardship and is authorised to make an informed judgment at the time of the enrolment and will complete the assessment based on the evidence sighted.

Student must submit a **Fee Waiver Application Form** along with a minimum of 2 of the following forms of evidence to sight;

1. Income statement from Centrelink
2. Concessions
3. Bank Statement(s)
4. Overdue accounts
5. Statutory Declaration

In submitting the Fee Waiver application form, students consent to DNA collecting, using, and disclosing the personal information of student and their dependents for the purposes of assessing application for fee waiver. This includes liaising with any entity or person that the students refer to as evidence to support your claim.

The student must provide proof of any previous enrolment and fees paid, and a copy will be retained for audit purposes.

If a student enrolls in multiple classes in the same unit within the same enrolment period, these additional classes will not be publicly funded

Charges for students transferring to other RTO's

Where a student or a block of students transfers to another RTO, to DNA will have course and resource fees transferred in full from the RTO from which the student(s) has transferred, if the program of study has not commenced. In all other circumstances, the DNA may seek a pro rata transfer, based on elapsed time, of course and resource fees from the RTO from which the student(s) has transferred. Transfers of fees are to be managed between RTOs. Proof of previous enrolment and fees paid must be provided by the student and retained by the DNA for audit purposes. Details of transfers must be retained by both RTOs for audit purposes.

Recognition of current competencies

Recognition of Current Competencies (RCC) applies if a student has previously successfully completed the requirements for a unit and is now required (that is, by a licensing authority) to be reassessed to ensure that competency is being maintained, no training is generally required.

RCC fees are not subject to Government funding they are a Private arrangement and will be determined by the COE. 50% of the general fees.

Credit transfer

Students are not charged for credit transfer. The transfer of credit provides the student with an exemption from relevant units within a course. Credit transfer does not involve an assessment of the student's knowledge or skills – it is an assessment of the credentials of the formal accredited learning presented against the destination course to determine the extent to which it is equivalent to the required learning outcomes, competency outcomes, or standards in a course. Students may be granted credit for the completion of formal accredited learning with a school, university or RTO.

The process for Notice of Arrangement (NOA)/Exemptions is as follows:
